

EMERGENCY RESPONSE & SERVICES

Occucare
INTERNATIONAL

Occucare International is a worldwide elite emergency service provider dedicated to supporting and protecting our client's employees and interests. Our experienced Emergency Response Team members have responded to all types of emergencies throughout many different industry sites including industrial refineries, pipelines, and marine facilities.

ABOUT US

Established in 1980, Occucare International is an elite provider of occupational health services worldwide, with over 100,000 workers under our care. We care for workers locally, nationally, and abroad with medical service solutions tailored to your needs. Whether you decide to utilize our concierge Corporate Medical Direction services, our remote medical professional staffing and oversight, our fully functional occupational medicine clinics, or a combination of our available services you will find us just the right size to provide the solutions you need, while offering personalized customer care.

Our training has developed the highest qualified advanced **Emergency Response Team** members

Advanced Industrial Exterior Firefighting
Advanced Industrial Interior Firefighting
Emergency Medical Response

Confined Space and High Angle Rescue
